- **Professional, experienced and friendly instructors**
- Meet people from around the world in a safe and monitored environment from the comfort of your own home
- **One simple price option** for all the elective programming

WWW.TAMWOOD.COM
ELECTIVE ACTIVITIES

Along with English Classes, campers can participate in a range of Tamwood Camp Electives. These Electives are interactive, fun hour-long sessions to promote learning and cross-cultural collaboration. They are our approach to bringing traditional in-person camp to life through the computer. Every elective will be a little different but they are all designed to engage and facilitate a one world community.
ABOUT THE ACTIVITIES

Culture Explorer
As our society becomes more connected, we are also becoming closer as world citizens. In these fun sessions, we will completely immerse ourselves in the culture, history and lifestyles of different societies. It is our goal to bring different culture to life in the most useful way possible for the youth of today. Examples of topics covered include: how to drink proper English tea, culture of coffee around the world, how to order different types of sushi, and more.

I am who I am! Guest Speaker Spotlight
Each week, Tamwood will invite special guests from local or international communities to share their personal stories and speak about why it is important to know who you are and be yourself.

Creative
Creative expression allows the youth of today to escape the hectic world we live in. Creative sessions will focus on both self-exploration and the artistic process to create a finished product. Students can work in teams to create digital pieces or alone. The guidance of our enthusiastic counsellors will always be on hand to spark creativity.

Everyday Skills for Youth
Confidence, Independence and Leadership are all important skills that Tamwood Camps incorporates into all of our programming. As well, there are some everyday skills that young adults need for the real world like: cooking, money management, personal care, social manners, and more. Each week we will not only provide training in these practical skills but also allow campers to hear from our staff as to why these skills are so important during their college years.
ABOUT THE ACTIVITIES

Your Bright Futures Speaker Series
Today’s youth have a lot of questions regarding their future from Education to Careers. These carefully selected speakers and topics will help answer some of those questions. University prep, Career choices, options after high school.

Born to move: Online active hour
It is no secret that physical activity is important no matter how old you are. In this unique world of increased screen time and stay-at-home requirements, we are creating opportunities for students from all areas of the world to be active together. Born to move sessions are energetic, fun, and healthy. The hour will help youth to get on their feet and explore activities like yoga, dance, fitness and more.

Team Challenge and Games: Let’s have some fun
Learning through play is a team used by educators and psychologists from across all nations. From a young age, children learn to make sense of the world around them through real physical experiences. In this online camp Tamwood is able to simulate traditional social environments where students can practice their social, cognitive and emotional skills and gain the self-confidence required to engage in new experiences, new environments and new friendships.

Family Virtue Fun Hour
Parents will have the opportunity to become a camper for a day by playing games with their children as a family. These bonus interactive sessions will bring families together from around the world.
