Ever dreamed of going viral on TikTok, building a YouTube channel, or curating the perfect Instagram feed? At the Content Creation & Social Media Academy, teens step into the world of digital storytelling and personal branding - learning how to create content that's not only fun but also impactful.

Social media is the language of today's generation - this academy helps students speak it fluently.

Teens go from scrolling to creating, learning how to produce content that connects and inspires. Project-based learning makes filming, editing, and storytelling exciting and hands-on. Students will plan, produce, and present their own content portfolio by the end of the program.

WHAT STUDENTS WILL LEARN

- ★ How to create engaging content for TikTok, Instagram Reels, and YouTube Shorts
- ★ Basics of video production: filming, lighting, sound, and editing
- ★ Storytelling techniques for short-form and long-form content
- ★ Building a personal brand and growing an authentic online presence
- ★ Understanding social media algorithms and trends
- ★ Digital responsibility and the ethics of being an online creator
- ★ How to present and pitch their content with confidence

Students will follow a dynamic schedule that blends workshops, hands-on content creation, and mentorship. They'll work with experienced instructors who are active content creators and digital media professionals. Each student will build a content portfolio and receive personalized feedback throughout the program.

2026 DATES & INTAKES

Los Angeles California, USA

★ **University of California, Los Angeles (UCLA)**

▶ Jul 5 - Jul 19

▶ Jul 19 - Aug 2

Content Creation & Social Media Academy
